What is the Chorus Call Difference?

SUPERIOR CUSTOMER CARE

Chorus Call focuses on quality of service, customer care, and strong tech support to meet the needs of our customers. Chorus Call's Conference Specialists are college educated, highly trained individuals who are familiar with each client's unique requirements.

INNOVATIVE CONFERENCING TOOLS

In addition to high quality conferencing and customer care, Chorus Call places much emphasis on developing customized and innovative conferencing tools for its valued customers. Chorus Call's Technology Development Team maintains a dedicated focus on addressing specific requests to enhance the Chorus Call conferencing experience.

LONG LASTING LOYALTY

Chorus Call's high-touch services are among the best in the industry, but you don't have to take our word for it. Our satisfied customers say it best.

SYNERGY WITH TECHNOLOGY

The Chorus Call headquarters are in the same building as Compunetix, a worldwide leader in the design and manufacture of multipoint conferencing bridges. Compunetix systems are successfully functioning in a number of critical conferencing environments, including government mission-oriented systems and commercial service bureau environments. With over one million ports installed in more than 30 countries, Compunetix has the industry's largest worldwide deployment of digital teleconferencing systems.

Trusted the World Over

Chorus Call provides world-class service on a global scale. With offices around the world, Chorus Call is always ready to assist.
