

CONDUCTOR WEB

NEVER HOST A CONFERENCE CALL BLINDFOLDED AGAIN!

This helpful interface provides a way to manage your call from any computer, tablet or smart phone with Internet access.

Use Conductor Web to:

- ◆ See each line connected to your call;
- ◆ Use the teleconference bridge to dial and join additional participants;
- ◆ Mute a participant's line if it's introducing background noise;
- ◆ Start and stop the recording your call;
- ◆ Disconnect a participant's line if their participation is no longer required.

The screenshot displays the Conductor Web interface. At the top, the logo 'Conductor Web' is shown in green and red. Below the logo are navigation buttons: 'Recent', 'Active', 'Schedule', 'My Profile', and 'Logout'. The main content area is divided into three sections:

- Conference Details:** Host Passcode: 9876543, Guest Passcode: 3456789, Conference Name: DEM2 Dem(Board Meeting)9876543, Host: null, Customer: DEM2 Demo Account, Billing Code: DEM02.
- Connected Participants (9):** A table with columns for Name, Phone, State, and Talk State. Participants listed include Main Board Room, Anita Srinivasan, Mel Schmitt, Leslie McDougall, David Cantor, Ahmed Rahberry, Lester Choi, Gus Santos, and Alex Doroshenko.
- Conference Controls:** Buttons for Dial Out, Mute, Start Record, End, and Disable Talk Indicators.

At the bottom of the interface, status indicators show 'On Hold: 0', 'Disconnected: 0', and 'Muted: 0'.

The interface also provides access to other convenient features such as the logs of past calls made on the account, and access to modify the settings for how participants enter or depart from your conference call (silently, with tones or name & tones) and more!

When setting up an account for board and committee meetings, Chorus Call recommends using a Passcode Plus PIN configuration for added security. This type of account will label the lines of your participants with their names, allowing you better control of your call.

Conductor Web is available free of charge with all Chorus Call teleconference accounts.
